Employment History

August 2021 - Current: Renewal By Andersen, Salt Lake City

Sales & Technology Specialist, Murray, UT

Design consultant on the sales team working to find the best solutions for customers by understanding their needs and individual situations. I also support the team by building workflow solutions and finding software to help us achieve our goals.

August 2018 – May 2021: Lambda School

Lead Web Instructor, Remote

Provided a world-class educational experience for students. Managed remote Web Instruction team with duties including hiring and training new instructors, and continued training and support for my team. Worked with leadership to reimagine online education and implement goals at the classroom level.

May 2017 – August 2018: Smartcare

Lead UI Developer, St. George UT

I mentored our junior developers and helped them grow their abilities and skills as developers. Worked with the design team to build a great experience for users.

July 2016 – May 2017: Optiv Security

Lead UI Developer, Lehi UT

We rebuilt a risk management software product. I worked with the team to build the project as an innovative platform following the guidelines set by the stakeholders.

Sept 2015 – July 2016: SendOutCards.com

Software Engineer, West Valley City, UT

Frontend developer tasked with developing and shipping new apps and features. Apps I built include a new social media/card sharing app and a new eCommerce shopping site.
